

Following our Health Officer's ruling for essential services and to protect our drivers and fellow passengers we are asking that you only use T3 Transit for the following:

- **Work travel**
  - **Medical appointments**
  - **Food and shelter needs**
- **Shopping for groceries and essentials**

Effective Monday, March 23 no paper transfers will be used for safety reasons under our COVID-19 measures. Tell your driver you are a transfer passenger and the communication will be radioed to the transfer driver.

Measures asking us to stay at home unless essential travel is necessary and to practice social distancing will only help our Community, our Island, and our Country heal faster.
